## **TelNet of Virginia, Inc. to Present Conference Session at *INTERNET TELEPHONY® Conference & EXPO East 2008***

*Michael Howard to Discuss Navigating the Technology Wave at IP Communications Industry's  
Leading Event at Miami Beach Convention Center in January*

Manassas - VA, November 28, 2007 — **TelNet of Virginia, Inc.**, today announced that **Michael Howard**, *President* has accepted an invitation to present a session titled, **Navigating the Technology Wave: A SMB Tutorial** at TMC's INTERNET TELEPHONY® Conference & EXPO East 2008 on Jan 25, 2008 at the Miami Beach Convention Center in Miami, Florida.

INTERNET TELEPHONY Conference & EXPO, held January 23-25, 2008, is the world's largest and best-attended IP Communications trade show. Last year's east coast event, held in South Florida in January, drew over 7,000 buyers and sellers of IP Communications products and services. The upcoming show in January will be the 17<sup>th</sup> INTERNET TELEPHONY Conference & EXPO, and TMC projects total attendance to exceed 7,500.

“Never before have I seen technology change at such a rapid pace. For this reason it is important as a telecom integrator for us to assist our clients through this transition. It is with great pleasure that we are able to contribute in the upcoming Internet Telephony Conference” said Michael Howard.

“We are very pleased that Mr. Howard will be participating in this year's show. TelNet of Virginia, is widely recognized and respected as an industry leader, and I am confident that our attendees will appreciate and value the opportunity to hear his perspective on the challenges of implementing some of today's leading technologies,” said TMC president and conference chairman, Rich Tehrani. “Over the past twelve months, widespread deployment of IP

Communications services by global service providers, businesses and governments has reinforced that this exciting technology is a viable, cost-effective communications solution. As a result, we are seeing a significant number of senior-level executives attending INTERNET TELEPHONY Conference & EXPO as a means of learning about the technology so they too can take advantage of its benefits.”
